Dear Potential Applicant,

Enclosed is the campground prospectus for operation and maintenance of campgrounds and associated facilities on the West Unit of the Hiawatha National Forest located in Michigan's Upper Peninsula. The prospectus covers six campgrounds and associated facilities on the Munising Ranger District (Bid Item 1) and five campgrounds and associated facilities on the Rapid River/Manistique Ranger Districts (Bid Item 2).

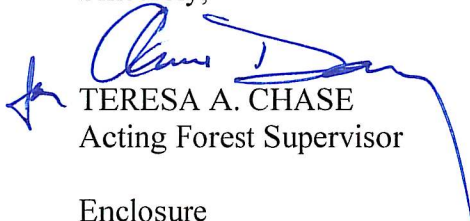

The term for the Special Use Permit will be for 5 years, beginning January 1, 2011, with an option for a 5-year renewal provided operations are acceptable.

Proposals must be received no later than **4:30 PM EST, October 8, 2010**. Proposals may be mailed to the Hiawatha National Forest Supervisor's office. Proposals may also be hand delivered to the Forest Supervisor's Office during business hours (8:00 a.m. to 4:30 p.m. Monday – Friday). Applicants must submit four (4) copies of their proposal(s). Please see the prospectus for additional information and required submittals (page 29). Please submit proposals to the following address:
